HOOFLAND'S GERMAN BITTERS,

AND

Hoofland's German Tonic.

THE GREAT REMEDIES

FOR ALL DISEASES OF

THE LIVER, STOMACH, OR DIGESTIVE ORGANS.

HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixture of any kind.*

HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.

Those preferring a Medicine free from Alcoholic admixture, will use

Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.

The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The *Liver, sympathizing as it does with the Stomach*, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy for his case, purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS
AND
HOOFLAND'S GERMAN TONIC.
PREPARED BY *DR. C. M. JACKSON*,
PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.

These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause whatever; PROSTRATION OF THE SYSTEM, induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge is eradicated from the eyes, a bloom is given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

PERSONS ADVANCED IN LIFE,

And feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will instill new life into the veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.

To this class of persons the BITTERS, or the TONIC, is especially recommended.

WEAK AND DELICATE CHILDREN

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.

Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:
Philadelphia, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic, useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly, GEO. W. WOODWARD."

Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.
Philadelphia, April 28, 1866.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON."

From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

Dr. Jackson—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully, J. H. KENNARD,
Eighth, below Coates St.

From Rev. E. D. Fendall,

Assistant Editor Christian Chronicle, Philada.

I have derived decided benefit from the use of Hoofland's German Bitters, and feel it my privilege to recommend them as a most valuable tonic, to all who are suffering from general debility or from diseases arising from derangement of the liver. Yours truly, E. D. FENDALL.

CAUTION.

Hoofland's German Remedies are counterfeited. See that the signature of C. M. JACKSON, is on the wrapper of each bottle. All others are counterfeit.

THE BELLS OF SHANDON.*

With deep affection
And recollection
I often think of
Those Shandon Bells,
Whose sounds so wild would
In days of childhood
Fling round my cradle
Their magic spells.
On this I ponder
And still grow fonder
Sweet Cork, of thee,
With thy Bells of Shandon
That sound so grand on
The pleasant waters
Of the river Lee.

I've heard bells chimin'
Full many a clime in,
Tolling sublime in
Cathedral shrine,
While at a glib rate
Brass tongues would vibrate,
But all their music
Spoke naught like thine;
For memory dwelling
On each proud swelling
Of thy belfry knelling,
Its bold notes free,
Made the bells of Shandon
Sound more grand on
The pleasant waters
Of the river Lee.

I've heard bells tollin'
Old Adrain's mole in,
Their thunders rollin'
From the Vatican,
And cymbals glorious
Swinging uproarious
In the gorgeous turrets
Of Notre Dame;
But thy sounds are sweeter
Than the dome of Peter
Flings over the Tiber,
Pealing solemnly;
Oh, the bells of Shandon,
They sound so grand on
The pleasant waters
Of the river Lee.

There's a bell in Moscow,
While in town and Kiosk, O,
In St. Sophia
The Turkman gets,
And loud in air
Calls men to prayer
From the tapering summit
Of tall minarets,
Such empty phantom
I freely grant them,
But there's a phantom
More dear to me—
'Tis the bells of Shandon,
That sound so grand on
The pleasant waters
Of the river Lee.

HOW TOM ROUSED HER.

The wife of Tom Gordon was a victim to imaginary ailments, and was never so content as when living according to the directions of her medical adviser. Dr. Valentine understood her whims and oddities so well that he humored her in every caprice; if she imagined rheumatism was her complaint, he agreed with her, and prescribed some harmless potion; if she thought her appetite decreasing, some bread pills kept her in good spirits until the fancied symptoms of some other disease induced her to send again for *him.*

During the last four years Tom often wished that his wife would roll down stairs and break her foolish head, for the reason that the physician's and apothecary's bills made a serious inroad upon his income.

About three months ago she complained of a pain in her side, and, as usual, the doctor was summoned. After prescribing two or three bottles of different compounds—all harmless but rather expensive—he said:

"All you want to assist the medicine in effecting a cure is a little rousing. Although your ailment is serious, it is not dangerous. Assume a little energy and you will recover. Remember, rouse yourself."

After the doctor had retired, the patient fancied that at last some serious disease was beginning to manifest itself, and like a fool she went to bed in despair.

Tom understood the case thoroughly from long experience, and said mentally:

"She wants a rousing, does she? well, I'll give her a surprise that will startle her."

Mrs. Hake, an attractive widow, was engaged to act in the capacity of nurse to Mrs. G. The widow was young, buxom, amiable, and Tom thought her attractive qualities might be made available in giving the patient the necessary rousing.

A short consultation with Mrs. Hake resulted in the arrangement of a plan, the execution of which was to induce Mrs G. to forever afterwards throw physic to the dogs.

Late the next evening, while the patient was fretting and groaning, and announcing her intention to give up the ghost, Tom called Mrs. Hake aside and said to her, in a pretended whisper, but loud enough to be heard by the invalid,

"Poor Fanny! she is about to die at last, and so you and I may as well arrange for our marriage."

Tom threw a glance over his shoulder as he spoke, and observed the dying patient cease her groaning, and begin to rouse herself. Arising quickly to a sitting posture in the bed, to note every word of the conversation, she stared at them with eyes as big as small onions boiled.

"'Twill be a relief to her," continued Tom, "for she has always been an invalid. I, too, have suffered as well as she, but with you, the picture of health, as my wife, my happiness will be complete."

The widow threw herself upon Tom's shoulder, and began to chew his vest in mouthfuls to smother her laughter.

"How soon shall we get married after she is dead?" asked Tom, passing his arm around the widow's waist.

"I suppose you will be willing to wait a week or two?" simpered Mrs. Hake as she leaned her head on his shoulder and took another mouthful of vest.

The invalid uttered an exclamation, and landed on the floor.

"You think I am going to die, do you?" she exclaimed. "I'll live to spite you both! and for you"—she turned and grasped Mrs. Hake by the hair—"out of my house, you designing vixen! I'll act as my own nurse hereafter."

From that day to this, Mrs G. has enjoyed good health, and Tom has enjoyed good spirits, because he has not had a doctor's bill to pay. He knew how to cure her; for she only needed rousing, and Tom "roused her."

ANOTHER new territory is likely to be organized this winter. The region out of which it is proposed to be formed is the western portion of Dakota, and includes a single county thereof, bearing the name of Laramie. It is located mainly between the Black Hills and the Rocky Mountains, and is almost as large as Utah. It is on the line of the proposed Union Pacific Railroad, and numerous settlements have already been made within its limits.

LIVELY BEAR STORY.

The Chippewa *Times* has a good story of a party of hunters in search of wild cats, who found instead three large bears. The party had just separated to scour the locality, when Sheriff Buzzle was suddenly confronted by an enormous black bear, coming right out of the ground, and not six feet distant. The peril was imminent and only one thing to do—"fight it out," and that suddenly. He shouted to warn his party, and fired, striking the bear in the centre of the head. Doubling up like a knot, he disappeared in the ground as suddenly as he came out. The firing brought the rest of the party, and it was resolved to go into the hole, tie a rope to the bear's leg, and draw him out; and to do this one must be lowered head foremost into the hole.

Mr. Buzzle prepared for this job, and was lowered into the ground about eight feet before he came to the bear, which was lying quivering, hind part toward him. He undertook to tie a rope around one hind leg, when a tension of the muscle, a movement of the body, and at the the same time a straggling ray of light revealed two other bears and his own awful situation! Buzzle, eight feet in the ground, headforemost, without a single weapon, with three wild bears, and the only means of getting out to be hauled out by ropes attached to his feet, was very uncomfortable. How he escaped from the situation is a wonder to all who know anything about it; but he got off with a blow on the head and a scratch extending from the jaw to the temple.

But the bear got the worst of it, for he followed his man out, and on showing his head, received a ball under the jaws coming out at the top of his head. So to get him out was the next consideration, and Blashfield was slowly and cautiously lowered into the den, revolver in hand. A survey showed that the old bear was dead, and but one other in sight, and that not at all pugnacious. He attached a rope to the old bear's leg, whanged his revolver at the remaining one, gave the signal, and was jerked out. When the old bear was drawn out, the other seemed bound to come too, and as fast as they showed themselves they were fired at. Forty-one shots were fired, and their heads were riddled with holes before they succumbed. The old bear dressed three hundred pounds, the others about one hundred and fifty each.

A FIRST-CLASS SNORER.—A fat friend whose snoring power is so great that on a summer's night a watchman roused the family, thinking some one was dying in the house, lately stopped at a house in Montgomery county. Aware of his infirmity, he requested the landlord to give him a room as distant from other dormitories as possible, that he might *not disturb their tenants.* He retired in due time, and fatigued by travel, sunk into slumber, and soon began to snore, the sound gradually increasing from that of a droning bag pipe to the loudest trooper's bugle. At length he was roused by a tremendous pounding at his door, which he opened, and inquired,

"What do you want?"

"Want!" exclaimed the fellow who had waked; "want! quiet, to be sure. I've slept in a saw-mill, but, hang me, if I can stand your noise."

A NON-SECTARIAN.—Mr. Alfred Taylor tells this story of a little boy whose case is like that of many others lured to the church and Sunday schools by the vision of pic-nics and sweet-meats. In answer to the question, "where do you go to Sunday school, Jimmy?" the little fellow replied:

"Why, marm, I go to Baptisses, and Methodisses, and the Presbyteriums, but I've been trying the 'Piscopals for two or three weeks."

"You don't seem to belong any where, then, Jimmy."

"Why, yes, marm; don't you see? I belong to 'em all, exceptin' the 'Piscopals, but I'm going to jine them too, now."

"Well, Jimmy, what's your idea in going to so many?"

"Why, you see, I gets a little of what's going on at 'em all, marm. I gets liberies, and hymnbooks, and all that, and when they have pic-nics, I goes to every one of 'em."

AT a recent convention of clergyman it was proposed, after dinner, that each should in turn entertain the company with some "interesting remarks." Among the rest one drew upon his fancy and related a dream. In his dream he went to Heaven, and he described the golden streets, etc. As he concluded, one of the divines, who was somewhat noted for his penurious habits, inquired, jocosely:

"Well, did you see anything of me in your dream?"

"Yes, I did."

"Indeed! what was I doing?"

"You were on your knees."

"Praying, was I?"

"No—scraping up gold."

TO WHOM DOES THIS GOVERNMENT BELONG?—To the white man, who gives a portion of his earnings to support and maintain its credit, or to the negro, who is fed and clothed by the Freedmen's Bureau, for the support of which nearly a *hundred millions* have already been appropriated by Congress?

THE Kennebec *Journal* gives a conversation between two little girls, aged respectively five and six. "Emma," said one of them, "wouldn't it be awful if somebody should shoot our school mistress?" "Yes," was the reply, "but then wouldn't it be nice not to have any school?"

A LITTLE boy in New Bedford, Massachusetts, in giving an account to his brother of the Garden of Eden, said: "The Lord made a gardener and put him into the garden to take care of it, and to see that nobody hurt anything, *or pasted bills on the trees.*"

A MAN in Massachusetts put a lot of gunpowder, tied in a rag, around his finger, for the purpose of curing a felon, and went to bed. In the morning he commenced building a fire, when the ignited powder exploded, and the flesh on his finger was burned off to the bone. He says it cured the felon, and he don't ask anything for the receipt.

ADVICE to the little boys. If your sister while engaged in a tender conversation with her sweetheart asks you to bring a glass of water from an adjoining room, you can start on the errand, but *you need not return.* You will not be missed, that's certain; *we've seen it tried.*

A SPECIMEN OF MILITARY DESPOTISM.

Near the southern line of the State of Arkansas lived, a few months ago, a young man and his still younger sister, with a young and accomplished wife, whom he had taken to his home fireside. Everything seemed bright and beautiful before them. The young man's name was Mitchell. In August last, Mitchell being absent, as also was his sister at a neighboring house—a worthless scoundrel came to their house, whose advances the young lady had rather scornfully repulsed, and hired a negro man to send a negro boy to tell Miss Mitchell that a lady had called to see her, and desired her to return home. After closely questioning the boy the young lady was convinced that he was telling her a lie, and did not return. In the evening the brother returned, and having learned the facts as above stated, and provoked at the impudence of the negro who had accepted a bribe to send a lie to his sister, lashed him well with a bridle rein. * * The negro went to Duvall's Bluff and reported to one McCulloch, agent of the Freedmen's Bureau, who referred the matter to General Smith, at Little Rock. Smith at once ordered the arrest of young Mitchell, who was incarcerated in the Arkansas penitentiary in a dark cell, four by eight feet in size, where he lay for nearly four months awaiting *trial* by a military commission. Seeing no disposition on the part of the military despots to give him even the form of a trial, young Mitchell's counsel prepared, about the 20th of October, an application to the Judge of the District Court of the United States of the Northern District of Arkansas, for a writ of *habeas corpus*, but before it could be presented, Mitchell, an honest and respectable citizen of Arkansas, died in his cell, the murdered victim of a brutal military despotism—aye, brutal—far more than any act that ever disgraced the annals of any other government under the sun.—*Black River Register.*

A HORRIBLE CRIME FEARFULLY EXPIATED.

We noticed the fact in our last issue that a young girl, the daughter of an Irishman by the name of Callahan, living near the pork-house above Frankfort, had fallen off the cliff above the tunnel, and that it was supposed she would die from her injuries. Much sympathy was expressed at her fate, as she was a beautiful child about fifteen years of age, and was frequently seen passing to and from town with a bucket upon her arm, on errands for her mother. She, however, regained her consciousness on Thursday afternoon, and told her friends that her fall was not the result of accident, but that a negro man by the name of Jim, formerly belonging to Alex. Macklin, and whom she had known well for several years, had followed her up the path, and seized her and violated her person, and then thrown her down the cliff. An examination was had of her person, and her statement proved to be true. The negro was arrested and brought to her bedside, and she identified him and reiterated her charge against him. When it became known on the streets, the wildest excitement spread throughout the town, and a large mob surrounded the jail and demanded *the keys from the jailor*, who refused to give them up. They then proceeded to break open the door, which was attended with much difficulty and delay, and occupied an hour and a half in doing. At this stage of the proceedings Colonel Sneed, of the Governor's staff, interposed, and said he was directed by the Governor to protect the negro, but the mob pushed him aside and proceeded with their captive to the hill back of the arsenal, the scene of his horrible offence, and hung him high as Haman, where he hung yesterday morning in full view of the town. There could be no mistake in the identification of the negro, for he had worked in the pork-house for a number of years, and the girl had seen him every day, and her declaration was made before a Catholic priest, in view of death. Dr. Rodman, of Frankfort, from whom we derived our information, said he had viewed death scenes in all forms and shapes, but that he never witnessed anything so full of anguish as the aspect of the father and mother when they heard the little sufferer tell how she had been violated and thrown from the cliff, and how she caught by a bush and how the black demon rolled down a heavy stone on her to break her slender hold. If ever mob violence is justifiable this was an instance; for the slow justice of the law seems poor and inadequate punishment for such an accumulation of horrible crimes. The girl will certainly die, for the injuries, internal and external, are of the most serious character.—*Lexington (Ky.) Gazette, February 1st.*

BROWNLOW, FOR GREENBACKS.—Gov. Brownlow of Tennessee, writes as follows to the Tennessee radical convention:

"If I were a member of your convention, I would endeavor to have incorporated into the platform you adopt a plank to the following effect: That the bonds and obligations of the general government, which do not expressly stipulate for payment in coin in the acts authorizing their issuance, or on their face, should be paid in greenbacks or legal-tenders, and that our delegates to the National Convention be instructed to vote for a resolution in the national platform embracing this proposition."

"THE COLORED TROOPS FOUGHT NOBLY."—This has passed into a proverb, but after all there is some evidence extant that casts a shadow of doubt over the assertion. The records of the War Department show that fourteen "colored troops" deserted where one was killed; that about thirty died of disease to every one killed; that nearly twenty were mustered out of the service for disability were one was killed in battle.

THE Radical papers at Harrisburg announce that Wayne McVeigh is a candidate for United States Senator. He is a son-in-law of Simon Cameron. If Simon could buy a seat in the Senate for himself, what is to hinder him from buying one for his son-in-law. It will only be a question of dollars and cents if the Radicals have a majority in the next Legislature.

FOR several weeks the Springfield *Leader* kept the following conspicuously at the head of its local column: "Boy wanted at this office." A few days since the editor's wife presented him with a boy, which, in a highly significant way, shows the value of advertising.

PATRICK was in charge of a ferry-boat. A lady passenger being frightened by the waves asked him "if people were ever lost by these boats?" He gave the encouraging reply: "Not often, ma'am; we generally find them afterwards by dragging the river."

"MOTHER," said Ike Partington, "did you know that the iron horse has got but one ear?" "One ear? merciful gracious, child! What do you mean?" "Why the engin-eer, to be sure."

"ORGANIZE."

Radical editors are appealing to their party friends to "organize" for the Spring Election. Yes! to organize for the election of men who support the fanatical policy of Congress, which places the black above the white, and seeks to give the ignorant and brutish negro of the South the controlling power in the choice of the rulers of the nation; for the election of men who justify those at the bottom of all the negro deviltry "running riot" throughout the country; for the election of men who support legislation looking to equality among the races even here in Pennsylvania, and which has already forced the buck negro into the public conveyances heretofore set apart for white ladies; for the election of men who stand by the thieves guilty of robbing the Government of hundreds of millions of dollars, under the disguise of "loyalty;" for the election of men who support a Radical Congress in keeping the Union severed, and the interests of capital and labor unsettled; for the election of men belonging to a party whose leaders would plunge the country into anarchy, ending in military despotism forever, to accomplish their partisan and plunder purposes!

This is what Radical office-holders ask the rank and file of their party to "organize" for. Will they, as independent freemen, knowing their rights and their interests—will they, as WHITE MEN, having the purity and honor of their race at heart—allow themselves to be longer used by unprincipled demagogues, who care nothing for them, but seek only to live upon public money, wrung from the toil and sweat of the hard-working white man. We do not believe they will—some we know will not. Reflection, "the sober second thought," has returned, [illegible] the people are everywhere awakening to a true sense of the [illegible] they [illegible] the country are in, and [illegible] duty in this trying hour. They cannot but see that there is now only one party to be relied upon for relief and protection—but one party under which to "organize" for peace and prosperity—for country, law, and white supremacy—and that is the Democratic party! Away, then, with Mongrelism, and rally under the old flag of thirty-seven stars, for a WHITE MAN'S GOVERNMENT.

DEFEATED!

The negro constitution for Alabama has been defeated, by reason of the required proportion of those registered not voting. The time to receive votes was extended two days, by order of the Radical leaders at Washington, but all to no purpose. A majority of the negroes even had too much decency to turn out and vote for the miserable bantling. The elections were conducted by Radicals, and the rejection is all the more galling on that account.

What will Congress do now, with this defeat of one of their darling schemes, by there own black friends, staring them in the face? Will they resort to some act of still more sweeping deviltry, in defiance of the expressed will of the people? Nothing seems to be too outrageous for Radical politicians and office holders to attempt.

PRESIDENT JOHNSON has written another letter to Grant, in which he is backed up by four members of the Cabinet in the assertion that Grant promised to surrender the War office to him as he found it. This document is a clincher, and will go far towards defeating Grant's Presidential aspirations.

CHANGING FRONT.—Many of the leading Republican papers throughout the country, like the New York *Times*, Evening *Post*, and Commercial *Advertiser*, Providence *Journal*, Springfield (Mass.) *Republican*, Buffalo *Commercial*, Chicago *Tribune*, and numerous others, are coming out with elaborate articles against the rough-shod attitude of the Radical Congress. They denounce their recent acts as hostile to the spirit of free government, and if persisted in, will eventuate in the overthrow of the Republic, and the establishment of a Military Despotism.

GRAVE charges are made that 400,000 barrels of whiskey, now in bonded warehouses, on which no tax need be paid as long as it remains in that condition, belong to a ring of political speculators, and that the profits therefrom, when sold, are to supply the sinews of the Radical campaign. Let the Congressional Temperance Society smell into the matter.

THE Freedmen's Bureau is to be continued in full force and with all its expensiveness. The Radicals in Congress are convinced that it will be needed to manipulate the votes of the negroes at the coming Presidential election. Thus we see that the white working men of the North are to be taxed to the extent of millions of dollars to support a horde of Radical electioneering agents, and to feed and clothe the negro voters in idleness, lest by being engaged in the employ of white Southerners they should fail to get to the polls in numbers sufficient to overcome the white majority in the great Middle and Western States.

THE canvass in New Hampshire is being conducted with great energy by both parties. Previous to 1853 the Democracy generally carried New Hampshire. Since March, 1855, they have been annually defeated, and it would indicate a remarkable change of political opinion if the tide which has so long set in one direction should be in any degree turned backward.

THE New York *Commercial Advertiser* (Thurlow Weed) says the measures of Congress in regard to the Southern States will accomplish two objects, viz: "Inaugurate Negro supremacy at the South, and overthrow Radical supremacy at the North," and it adds very suggestively that, "if this be the only way of relieving the country from a political scourge, let us submit to it patiently. Indeed, the scriptures teach that evil is permitted that good may come." The good time is coming.

THE N.Y. *Tribune* says that if Gen. Grant "really made the promise the President alleges, *he must be a fool or a knave*." As the President proves, by four members of the Cabinet, that Grant did make the alleged promise, he (Grant) must, in the eyes of the best Radical authority in the country, be a fool or a knave. This is certainly not the material out of which to make a President of the United States. Will Adams county Radicals stick a pin there?

MANY laboring men in New York are working for merely their food. It is Radical "statesmanship" that is bringing the people to this sad condition.

IT is said that Stanton wrote the Grant letters to President Johnson.

GRANT'S NOMINATION.

The Republican Convention of New York having instructed for Gen. Grant for President, the *World* thinks that this lift will carry a majority of the delegates from all the States to Chicago pledged to him, and the Convention will therefore be a mere registering body. The other State Conventions will be held very soon, and Grant will be fully nominated three months before the Chicago Convention meets.

The certainty of this result so long in advance, the *World* continues, gives the Democratic party all the benefit of the chapter of accidents. No matter what may happen after a majority of the Republican delegates are pledged to Grant, they cannot change their candidate.—Even if nothing should occur in the South, in the present ticklish state of affairs, to injure Grant, he will at least be held up as a mark for public criticism several months before his antagonist is brought into the field. He will have blows to take, but no antagonist on whom they can be returned. *Heretofore*, General Grant has been dealt with only in a strain of flashy panegyric; he will now be dissected with the scapel of truth. The narrow, sluggish intellect whose dearth of ideas has been dignified by the courtly name of prudence, may be deemed to have a safe refuge from extravagance in stolidity. The dogged persistence by which he was chiefly distinguished as a soldier, may be thought to have *stood forth in such bold relief because it* was not accompanied by other qualifications. The really able soldier is he who accomplishes great results with an inferior force; and the country may conclude, on examination, that in his Virginia campaign General Grant sacrificed nearly twice as many men as the enemy had in the field. It is not the mark of a great soldier to pay for a victory thrice as many lives as it ought to cost. General *Grant accomplished everything by numbers*, nothing by skill. Out of the army, he has never given the slightest evidence [illegible]. In his [illegible] nobody knew [illegible] civil life he made no mark. He is dull in conversation; he has no dignity of bearing; he has no geniality and popular warmth of manner to compensate for his want of dignity; he has little political knowledge; he has no capacity to enjoy works of genius; he is, in short, a cold, narrow, commonplace, unattractive man, remarkable for nothing but a stolid force of will.

If we pass from General Grant's intellectual capacity to his moral qualities, we shall find them of the same vulgar stamp. He has changed his political principles from motives of ambition. He has treated his superior officer with insolence to ingratiate himself with a faction and has tarnished his personal honor by unmanly duplicity. Nobody ever heard that General Grant is a model of sobriety. Nobody ever heard of his being inside a place of worship. No instance or anecdote was ever told of his kindness to a sick or wounded soldier. He was never known to manifest a spontaneous interest in benevolent institutions. He never gave utterance to an elevated sentiment, or made an inspiring address to his soldiers. Even the generous ardor of patriotic youth *away from their homes, exposing* their lives under his leadership, never, with the youthful tendency to hero worship, regarded his person with affection. No eyes ever brightened in a hospital at his approach. No warm outburst of admiring cheers habitually greeted him when he came in view of soldiers. Nobody ever felt that he was "a man to be loved."

The certainty that a candidate is to be *nominated* who is *so little capable of* inspiring esteem or attachment will cause the zeal of many Republicans to wax cold. Chief Justice Chase will be more likely to confine himself to his judicial duties, and surrender his mind to the conservatizing influence of judicial studies. The nomination of Grant will therefore improve the prospect of impartiality in the Supreme Court. It will cool all, and alienate many of the Chase men. They will be *disgusted to see a life long* Abolitionist and, as they think, able statesman set aside for a new convert who barters his convictions for the sordid hope of office. This nomination spikes the eloquence of Wendell Phillips, who cannot, with a very good stomach, lap up from the ground and swallow his profuse vomit of diatribes against Grant. If Tilton makes speeches, it will be with a wry face. Many other Republicans regard *him as a tool which they despise while they use it.* Butler will do all he can to expose him, from motives of personal hatred. Before midsummer, if not before the meeting of the Chicago Convention, it will be discovered that General Grant is a weak and damaged candidate.

PROPHETIC LANGUAGE.

The New York *Herald*, which the Radicals are exceedingly fond of quoting as authority when it suits their purpose, gave utterance to the following truthful sentiments. Mere wisdom was never contained in an equal number of lines:

"The nomination of Grant, blackened with the negro policy of the Radical faction and loaded down with revolutionary laws, will be of no greater avail to the party than would the nomination of Ben *Butler or Wendell Phillips* The people of the North will refuse to reduce ten States of the Union to a condition of African barbarism and to make the negro the equal of the white man, no matter what candidate the party may put forward to distract public attention from the real issue involved in the election. The Northern States will cast their electoral votes against an infamous policy and not for an individual. While the American *people honor* Grant as a soldier, they will not consent that he shall be used as an instrument to enable the Radicals to overthrow a republican form of government, or to force the political supremacy of the negro upon the nation. If he should not sooner sink under the load heaped upon him by the Radical Congress, *he would be defeated at the polls by an overwhelming majority.* The election would be only a repetition of the Scott campaign, and the result would be as disastrous for the Hero of the Wilderness as it was for the Hero of Lundy's Lane. The verdict of the people next fall will assuredly be rendered against the revolutionary negro reconstruction policy of Congress and will sweep from power every vestige of Radicalism and every individual who may suffer himself to be drawn within its poisonous influence."

SHALL IT BE DONE?—Hon. John Hickman, Radical, has read a bill in place, in the Pennsylvania Legislature, to amend the Constitution of this State, by striking out the word *White*. Should the amendment carry, negroes will be allowed the privilege of voting and holding office. Shall it be done? Let "white men" answer at the polls!

THE soldiers who have joined the Grand Army of the Republic are about satisfied that their officers are mostly claim agents, making money out of them, by running the thing as a close corporation.

STANTON AND ANDERSONVILLE.

The Butler *Herald*, edited by Col. Jacob Ziegler, in an article on Grant's ungentlemanly conduct in the Stanton reinstatement affair, has the following to say of the latter. Read and ponder ye sufferers at Andersonville:

When our poor prisoners were starving at Andersonville prison, Mr. Stanton was called upon to effect an exchange so that our poor boys might get home. His answer was "that he could not afford to exchange *well men for skeletons*." Of this language being used by him there is no question. He has been charged with it over and over, again and again, and he has never pretended to deny it. There is a Colonel living in Illinois of the same Radical politics with himself, who charged him with it to his very teeth.

Our readers will remember that the Radicals had placards stuck up at every public place—at cross roads—in bar-rooms and on the sides of houses, representing the starved condition of our soldiers at Andersonville, and they will *also remember* that during that fall there were important elections in several of the largest States in the Union. The question on this point may be fairly asked, did *he refuse to exchange rebel prisoners* for our soldiers and consequently left them to starve in that horrid pen, because the Radicals wanted something of the kind to excite the public mind in order to carry the elections? If he did, we say he is a scoundrel of the deepest dye, and unfit to be recognized among gentlemen.

Such is the man whom President Johnson turned out of the War office, and *such is the man whom the Radical Senate* of the United States has re-instated.

WHERE THE MONEY GOES.

A Washington telegram last week said: "It is now well established that two thousand negro voters in this District are being sustained by the Freedmen's Bureau here. General Howard is endeavoring to get them employment outside of the District, but a handful of little local ward politicians are advising the negroes t[illegible] and vote at the coming municipal elections in Georgetown and this city."

Tax payers will please to take notice of where their money goes. Negroes must be fed in Washington by the government, in order that they may remain to vote the Radical ticket.

DESPONDENT.

General Garfield, (Radical,) writing from Congress to the Ashtabula (Ohio) *Sentinel*, says, "the Presidential outlook is *anything but pleasant*;" and the Washington correspondent of the New York *Independent*, (extreme Radical,) says that "*there is immense danger of a defeat next autumn.*" These gentlemen see the unmistakable signs of the approaching storm, and are preparing their readers for it. The days of the Radical faction are numbered, and nothing can save them from the terrible defeat that awaits them.

THE following may be taken as a specimen of the "reconstruction" registration of colored voters in the Southern States. At the same time when registration was going on in Florida a census of the population was taken. That census showed about 85,000 whites and 70,000 negroes. Yet the whites register only 11,921 voters, while the negroes count 16,062 voters in a total male population of 35,000 negroes of all ages. This would make more than half the entire negro male population twenty-one years old and upwards, which is manifestly impossible. In the three counties of Leon, Jefferson and Gadsden, the most populous in the State, the census showed 4,930 male negroes of the voting age; from these counties the Radical registers return 5,699 registered voters, which is 1,069 more than the census calls for. Barefaced frauds like these are resorted to by the Radicals to make up for the loss of votes in Connecticut, California, Ohio, and other Northern States.

GRANT'S DRUNKENNESS.—The Philadelphia *Post*, a Radical sheet of the straightest sect, says:

If the charge that Gen. Grant has been seen drunk in the streets of Washington were made merely on a single rumor we should not have re-printed it. But the rumors are many. Mr. Phillips says they reach him from different and trustworthy sources. The *Independent* of this week tells the same story. The *Revolution* deliberately says that "Gen. Grant is drunk half of his time." More than this, we have repeatedly and recently received similar information, *with statements of the time, place and* company in which he is said to have been publicly intoxicated.

THADDEUS STEVENS is a bold man. That merit he certainly possesses. He is not willing to wait until the people of the several States shall decide the question of negro suffrage for themselves, but he asks the Rump to take the matter in hand and make the laws to suit the whims of the Radicals despite the will of the masses. Thaddeus had better take care. Once before in his lifetime he defied the will of the sovereigns and was compelled to seek safety in a rapid flight from a back window. History is always reproducing itself!—*Age.*

IT is reliably stated that General O. O. Howard, Commissioner of the Freedmen's Bureau, declared the other day at a meeting of the trustees of the so-called "Howard University," that *he was in favor of practical amalgamation between the white and black races, and that he had no desire to conceal his views on that subject.*

ONE of our Radical exchanges announces the fact that a negro named S. W. Jones is running as the Radical candidate for Congress in the Fourth Alabama District, and declares that he will be elected. When the Radical Reconstruction scheme is fully carried out we cannot expect to have less than forty or fifty negro Congressmen from the South. The halls of the Senate and the House will then present a scene which we leave to the imagination of our readers. White men of Adams, what do you think of the picture?

THE Albany *Evening Journal*, a Radical newspaper, agrees with us in thinking that principles, not men, will determine the result of the next political contest. "The idea," it says, "that any man can be elected to the Presidency upon the basis of his personal popularity, and without the support of a great idea, is a mistaken one."

THE Auditor General's report shows that McConaughy's "battle-field memorial association" drew THREE THOUSAND DOLLARS from the State Treasury, but it doesn't show one cent given to the sufferers by the battle here. "Charity begins at home."

THE impeachment humbug has been again started by the Radical roughs. The object of this infamous movement is solely to get possession of the White House, if possible, in view of the approaching Presidential election. If these traitors insist upon a new revolution, and it breaks upon their guilty heads with relentless fury, they will have no one to blame but themselves.—*Age.*

Local Department.

TOWN, COUNTY AND SURROUNDING COUNTIES.

Orphan's Court.—An adjourned Orphan's Court will be held on the 25th of March, at 2 o'clock, P. M.

Sleighing.—Whilst the sleighing is still very fine—never better—in the mountain, it is nearly "played out" in this vicinity.

Acknowledgment.—We acknowledge, with thanks, the receipt of congressional documents from Hons. A. J. Glossbenner and S. J. Randall, and legislative favors from Hon. N. Heltzel.

Repealed.—The State Legislature has passed the bill to repeal the "Gettysburg Asylum" lottery scheme. Does this action also "repeal" the *bonus* to the "memorial association?"

Lecture.—The lecture of President Coppee, in Agricultural Hall, on Tuesday evening, was heard by a large and appreciative audience, and gave great satisfaction. The "use and abuse of the English language" was presented in a very instructive and engaging manner.

Officers.—The Mummasburg Mutual Fire Protection Society, on Saturday week elected the following officers:

President, E. W. Stahle.
Vice President, Michael Deatrich, Sr.
Secretary, James Russell.
Treasurer, H. J. Brinkerhoff.
Executive Committee, Michael Deatrich, Jr., Peter Sholl and Capt. J. H. Plank.

Sold.—Isaac Deardorff has sold his farm, in Cumberland township, to John Braught, of Mifflin county—312 acres, at $14,000.

Michael B. Miller has sold a tract of twelve acres, with improvements, in Mountjoy township, to David Clapsaddle, for $1,000. Mr. Miller has purchased from John Cress, a house and seven acres of land, in the same township, at $600 cash.

Dr. F. E. Vandersloot, on Saturday last, sold at public sale, his property on Baltimore street, in this place, at $4,375—Messrs. J. W. C. O'Neal, W. A. Duncan and E. G. Fahnestock purchasers.

Advertising.—Our columns are largely occupied with advertisements—sales, receipts and expenditures, &c.—just now, but as this will continue only a few weeks, the general reader will, we are sure, exercise the necessary degree of patience under the circumstances. The usual amount of miscellaneous matter will ere long again appear. In the meantime, we call attention to the advertisements presented, assured that they will prove not uninteresting.

The Gettysburg Springs.—The water of the Gettysburg Springs is now being extensively bottled, and shipped, to fill orders, to all parts of the country. Quite a force of hands, under the superintendence of Dr. Smith, is engaged in bottling, and daily shipments are made over the Gettysburg Railroad. Large quantities go to New York, where the peculiarly valuable medicinal qualities of the water are extensively advertised. Dr. John Bell, an eminent authority on mineral waters, pronounces the Gettysburg water similar but superior to the celebrated Vichy water of Europe.

Fresh Meats.—A choice variety of fresh meats will always be found at George A. Codori's establishment, on the alley running from Baltimore street to Washington, between Middle and High. He has just erected a large new brick slaughter house, and will introduce all the modern conveniences, in order to make it a first-class concern. By slaughtering none but the best of stock, he cannot fail to give satisfaction. We saw a specimen of his beef yesterday, and better the most fastidious could not wish. It would have done credit to a city market. We commend Mr. Codori's enterprise to public attention.

Per Capita Tax.—On the 6th instant, a petition was presented in the State Senate from citizens of Adams county, asking for the repeal of all laws imposing *per capita* or head taxes for bounty purposes.

Bounty Accounts.—On the 4th instant, the House, at Harrisburg, passed a supplement to an act entitled an act to empower the Court of Quarter Sessions of the Peace of Adams county to appoint auditors to audit bounty accounts in the several boroughs and townships in said county, and in relation to re-auditing the bounty accounts of Cumberland township, in said county, approved the 8th day of April, 1867, and extending the provisions of said act to Hamilton township, in said county.

The Gettysburg Zouaves will meet, in full dress, for drill and parade, on Saturday, the 22d of February, each member to be provided with one ball cartridge and their boxes full of blank cartridges. Those members who have not yet provided themselves with sashes, are expected to do so by next parade. Powder can be had from Lieut. Cress at cost.

Drills every Thursday evening, at the Armory.

Franklin Zouaves.—This Company will meet, in full dress, on Saturday, the 22d of February, at Arendtsville, at 9 o'clock in the morning. Every member is requested to be present, prepared with twenty rounds of blank cartridges.

An Exhibition, under the auspices and for the benefit of the Franklin Zouaves, will be given in Arendtsville in the evening of said day.

Iron Ore.—The Iron Ore bank opened on the Comfort farm in Franklin township yields abundantly. We learn that from the 19th of October to the 5th of February 643 tons gross of Ore from this bank were weighed at the scales of Weaver & Wible, in this place, and shipped by railroad. The bank is worked by the "Wrightsville Iron Ore Company," and the ore is said to be of very superior quality.

Cattle Disease.—The Hanover *Spectator* says that a strange and fatal disease has made its appearance among the cattle in that vicinity, and that much alarm prevails lest it may prove to be the much dreaded rinderpest. A Mr. Bollinger, in Oxford township, this county, it says, has lost three cows; a Mr. Shue, in West Manheim township, York county, three, and a farmer in Jackson township, three, with the balance of his herd, some twenty *in number*, suffering with the disease, for which there appears to be no remedy.

Educational.—A meeting of Presidents and friends of the different Colleges in the State, was held at Harrisburg, last week, at the request of the State Superintendent of Common Schools. It was, after consultation, decided to ask the Legislature to pass a bill appropriating $3,000 to each of the Colleges, providing a scholarship be given for every $50 thus appropriated—said scholarships to be divided among the different public schools of the State. Rev. Dr. Hay, of this place, was a member of the committee which submitted a bill for the purpose.

JOHN COVODE says: "Geary is the [illegible] governor we ever had."

Published by Worthington & Lewis, Baltimore, Md.

Colored Celebration.—There was a procession of "American citizens of African descent" through our streets on Wednesday, in celebration, it was said, of Lincoln's birth-day. They cheered prominent white Radicals lustily. Of course. "Man and brother!"

Pensions.—McConaughy has read a bill in the Senate to grant a pension to John L. Burns as a soldier in the war of 1812; also bills granting pensions to Joseph Harman and Jacob Brown, of this county.

Coe's Dyspepsia Cure will immediately relieve and permanently cure the most aggravated case of Dyspepsia, Flatulency, Sour Stomach, Constipation, and all diseases of the Stomach and Bowels. Physicians, clergymen and all who use it, join in unbounded praise of its great virtues. Sold by Druggists everywhere. Price $1.00.

Within the whole range of tonic and alterative medicines known, none is entitled to more consideration than the Peruvian Syrup. *In all cases of enfeebled* and debilitated constitution it is the very remedy needed. The most positive proof of this can be adduced.

Of the almost innumerable number of preparations in the market for restoring gray hair to its original color, we know none of which gives so universal satisfaction as Ring's Vegetable Ambrosia. We have tried it and found it to restore the color in a truly wonderful manner—as well as to remove dandruff and all itching caused by humors of the scalp. Try it and be satisfied.

Consumption.—Notwithstanding the many articles *advertised to cure Consumption*, we do not believe, when seated too long, it can be cured. But we do know of hundreds of cases where persons were supposed to be suffering under that fatal disease, who have become perfectly well and robust from the use of Speer's Port Grape Wine. Many times people for years waste and at last die from diseases of the kidneys or glands, when they were supposed to have and were treated for Consumption. A long-continued affection of the kidneys, however, may eventually result in Consumption.—Speer's wine, used alone, or taken with a fresh raw egg, or new milk, daily, has been found to be an excellent remedy and has the reputation of rendering a perfect cure for Consumption.—*Medical Times.*

The wine certainly contains valuable properties; let our physicians and invalids try it. To be had of druggists.

Advertising.—There is no doubt that the great lever in the extension of a business, in these go-ahead times, is advertising; but the immense popularity of that celebrated remedy for Dyspepsia, Liver Complaint, Nervous Debility, &c., Hoofland's German Bitters, is not so much owing to the fact that it has been extensively advertised, as it is to the *great merit* of the article.

A worthless medicine may, through publicity, acquire a short-lived notoriety, but it requires the basis of *true merit*, in order to sustain itself for any considerable length of time. Hoofland's German Bitters has been known to the American public for more than twenty years; each day adding some new proof of its virtues and great curative properties. *This Bitters is entirely free from all Alcoholic admixture.*—Hoofland's German Tonic is a combination of all the ingredients of the Bitters, with *pure* Santa Cruz Rum, orange, anise, &c., making a preparation of rare medical value. The Tonic is used for the same diseases as the Bitters; in cases where some Alcoholic Stimulus is necessary. Principal Office, 631 Arch St., Philad'a, Pa. Sold by druggists and others, everywhere.

HORRIBLE OUTRAGE BY A NEGRO BOY —A SCHOOL GIRL THE VICTIM.

A negro boy named Connor, (a brother of the negro from this city who gave the sheriff considerable trouble by his unruly conduct and efforts to escape from jail,) committed a rape on a little white girl on Wednesday evening, about five o'clock, near Armstrong's corner, about four miles this side of Middletown. The negro is about fifteen years old, a stout boy. The girl is about fourteen years old, and named Giles. Her parents live in the neighborhood. This girl and another were going *from school* and met the negro, who made at them and caught this one. The other ran and made her way to the first farm house, and gave the alarm. The negro threw the child down in the snow, beside a hedge, where he accomplished his devilish purpose. He was arrested afterwards and had a hearing before a magistrate at Middletown, and committed to the custody of Sheriff Herbert, at New Castle, the same night, by Constable Lane. The excitement in Middletown was very great, and at one time it was feared the negro would be summarily dealt with by the crowd. We have not been able to get further particulars.—*Wilmington (Del.) Gazette, 7th.*

MUNICIPAL ELECTION.—Binghamton, N. Y., Feb. 12.—The city election yesterday resulted in favor of the Democrats. A mayor and a majority of the *aldermen are elected* by the Democrats for the first time in ten years.

IN Montgomery, Alabama, on the 5th instant, 1,100 votes were polled. Only 6 white men voted—four of whom were Radical candidates. On the previous day only two white men voted—both Radical candidates. At Mobile, on the 4th instant, 3,572 negro votes were polled, and on the 5th instant, 3,538 negro votes, and 56 white. This is Radical government! God deliver this country from the "reconstruction" curse.

THE Republican State ticket of Louisiana is composed of a white adventurer for Governor, a very black negro for Lieutenant Governor, and a mulatto for State Treasurer. That ticket is admitted to be "loyal."

IN taking up General Grant the opposition hope to dazzle the eyes of the people, so that the deformities and monstrosities of Radicalism cannot be seen. It is a gigantic attempt to attain power under false pretenses.

MR. BINGHAM'S last reconstruction bill makes Gen. Grant dictator over the Southern States. His theory is that one tyrant is better than many. A Democratic Government abhors tyrants.

THE Blair county Democratic Convention has instructed its delegates to the State Convention to support Gen. Hancock for the Presidency.

THE so-called Reconstruction Convention of Mississippi has levied a special tax of 33 1-3 per cent. for the year 1868. This is but one item in the grand bill for reconstruction as arranged by Congress.

IT is reported from Atlanta that Gen'l Meade has asked to be relieved of his command.

THE vote in Mobile, Alabama, on the 6th, was—white 22, negroes 784. On the 7th—white 13, negroes 492.

LETTER FROM HARRISBURG

HARRISBURG, Feb. 11, 1868.

Ed. Compiler.—I have very little to communicate this morning. The Legislature is dragging along slowly with its business. It was supposed by many members in the early part of the session, that the number of private bills this year *would not be as great as last year*, and that business could be transacted to better advantage and the Legislature adjourn at an earlier day. Some begin to doubt this now, as bills of all characters, especially private ones, are pouring in very fast. Under these circumstances, no one knows when the Legislature will adjourn, as they are far behind that of last year so far.

This evening, Hickman's joint resolutions, proposing certain amendments to the State Constitution, come up for discussion. They were made the special order last week, when up, for this evening. There is some speechifying anticipated, should the Radicals not cut the matter short by moving an indefinite postponement, or some such step, to avoid facing the negro music of the party leaders. The resolutions propose three changes in the organic law of our State—one to permanently fix the salary of the members of the Legislature, &c.; the second extending the right of suffrage to those only who can read the constitution; *and the third*, to strike out the word "*white*," thereby making the negroes voters. You will perceive that the negro who may be able to mumble over a few sentences of the constitution in the English language will have a vote, whilst the white man who may not be so fortunate as to be able to read the English language, will be deprived of that sacred right. It is well known that thousands of honest, industrious *business men of the State would thus be* deprived of their political rights, whilst young, lazy, idle negroes, who are loitering about our towns and cities, in the capacity of shoe-blacks, &c., would be entitled to vote, because they might stumble over a few words in the constitution. Should these amendments be adopted they would deprive nearly all our German naturalized citizens, many of whom are highly educated in their own language, of the right to vote.

There will be a bill presented to-day, in the House, for a charter for a Railroad from the Hanover Junction, on the Northern Central, to Peachbottom, there to connect with railroads from Baltimore to Philadelphia. I have been told that this road would run, at no place, further from Mason and Dixon's line than that line is from Gettysburg, and that the route would be nearer from Gettysburg to Philadelphia than any other that could be projected. Of this I am unable to speak. You no doubt can tell more about it. Further steps are to be taken in the course of time to extend the road from Gettysburg on and connect with the Connellsville and Pittsburg road, at the most convenient point.

Your damage bill is yet in the hands of the committee. How long it will remain there no one outside of the "ring" knows as yet. *The committee is largely* Republican.

SPECIAL NOTICES.

Children's Lives Saved for 50 Cents.

Thousands of Children die annually of Croup. Now, mothers, if you would spend 50 cents, and always have a bottle of Dr. Tobias' Venetian Liniment in the house, you never need fear losing your little one when attacked with this complaint. It is now 20 years since I have put up my Liniment, and never heard of a child dying of Croup when my Liniment was used; but hundreds of cases of cures have been reported to me, and many state if it was $10 per bottle they would not be without it. Besides which, it is a certain cure for Cuts, Burns, Headache, Toothache, Sore Throats, Swellings, Mumps, Colic, Diarrhea, Dysentery, Spasms, Old Sores, and Pains in the Back and Chest. No one tries it who is ever without it. It is warranted perfectly safe to take internally. Full Directions with every bottle. Sold by the Druggists. Depot, 56 Cortland Street, New York.

Dr. Wistar's Balsam of Wild Cherry.

Where this article is known it is a work of supererogation to say one word in its favor, so well is it established as an unfailing remedy for Coughs, Colds, Bronchitis, Croup, Whooping Cough, Asthma, diseases of the Throat, Chest, and Lungs, as well as that most dreaded of all diseases, Consumption, which high medical authority has pronounced to be a curable disease. Those who have used this remedy know its value, those who have not, have but to make a single trial to be satisfied that of all others it is the remedy.

THE REV. JACOB SECHLER,
well known and much respected among the German population of this country, writes as follows:—

HANOVER, PA., Feb. 16, 1859.
Messrs. S. W. FOWLE & SON, Boston.
Dear Sirs:—Having realized in my family important benefits from the use of your valuable preparation—WISTAR'S BALSAM OF WILD CHERRY—it affords me pleasure to recommend it to the public. Some eight years ago, one of my daughters seemed to be in a decline, and little hopes of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of it there was a great improvement in her health. I have, in my individual case, made frequent use of your valuable medicine, and have always been benefited by it. I would, however, caution the public against imposition, because there is a good deal of spurious Wistar's Balsam of Wild Cherry afloat throughout the country. JACOB SECHLER.
None genuine unless signed "I. BUTTS" on the wrapper.
Prepared by SETH W. FOWLE & SON, 18 Tremont St., Boston, and for sale by Druggists generally.

CHRONIC DISEASE SCROFULA, ULCERS, &C.
It is well known that the benefits derived from drinking of the Congress, Saratoga and other celebrated Springs is principally owing to the iodine they contain.
DR. H. ANDERS' IODINE WATER
contains iodine in the same pure state that it is found in these spring waters, but over 500 per cent. more in quantity, containing as it does 1¼ grains to each fluid ounce, dissolved in pure water, without a solvent, a discovery long sought for, in this country and Europe, and is the best remedy in the world for Scrofula, Cancer, Salt Rheum, Ulcers, and all Chronic Diseases. Circulars free.

ONWARD, DEMOCRATS!

More than two million Democrats enter the Presidential contest, to win back Democratic Government for the whole people. We have no possibilities or baggage-wagons loaded with plunder to check our march. We have courageous leaders. We have never-dying principles. We unfurl a map of thirty-seven States, and raise high the old flag, and demand the old Constitution to live under, with equal representation, equal taxes, and a white man's Government.

Onward, Democrats!—*Campaign Digest.*

THE Radicals are polishing up Grant's *brass buttons* to pay the soldiers in lieu of bounty and bounty land. The soldiers are amazed both at the brass of the buttons and the brass of the Radicals.

540 MILES

OF THE

UNION PACIFIC RAILROAD,

Running West from Omaha

ACROSS THE CONTINENT,

ARE NOW COMPLETED,

THE TRACK BEING LAID AND TRAINS RUNNING

Within Ten Miles of the Summit

OF THE ROCKY MOUNTAINS.

The remaining ten miles will be finished as soon as the weather permits the road-bed to be sufficiently packed to receive the rails. The work continues to be pushed forward in the rock cuttings on the western slope with unabated energy, and a much larger force will be employed during the current year than ever before. The prospect that the whole

GRAND LINE TO THE PACIFIC

WILL BE COMPLETED IN 1870,

was never better. The means so far provided for construction have proved ample, and there is no lack of funds for the most vigorous prosecution of the enterprise. These means are divided into four classes:

1.—UNITED STATES BONDS,

Having thirty years to run, and bearing six per cent. currency interest, at the rate of $16,000 per mile for 517 miles on the Plains; then at the rate of $48,000 per mile for 150 miles through the Rocky Mountains; then at the rate of $32,000 per mile for the remaining distance, for which the United States takes a *second lien* as security. The interest on these Bonds is paid by the United States government, which also pays the Company one-half the amount of its bills in money for transporting its freight, troops, mails, &c. The remaining half of these bills is placed to the Company's credit, and forms a sinking fund which may finally discharge the whole amount of this lien.

2.—FIRST MORTGAGE BONDS.

By its charter the Company is permitted to issue its own Mortgage Bonds to the same amount as the bonds issued by the government, and *no more, and only as the road progresses.* The Trustees for the Bondholders, are the Hon. E. D. Morgan, U. S. Senator from New York, and the Hon. Oakes Ames, Member of the U. S. House of Representatives, *who are responsible for the delivery of these Bonds to the Company in accordance with the terms of law.*

3.—THE LAND GRANT.

The Union Pacific Railroad Company has a land grant or absolute *donation* from the government of 12,800 acres to the mile on the line of the road, which will not be worth less than $1 50 per acre, at the lowest valuation.

4.—THE CAPITAL STOCK.

The authorized capital of the Union Pacific Railroad Company is $100,000,000, of which $8,700,000 have been paid on the work already done.

The Means Sufficient to Build the Road.

Contracts for the entire work of building 914 miles of first-class railroad west from Omaha, comprising much of the most difficult mountain work, and embracing every expense except surveying, have been made with responsible parties (who have already finished over 540 miles,) at the average rate of sixty-eight thousand and fifty-eight dollars ($68,058) per mile. This price includes all necessary shops for construction and repairs of cars, depots, stations, and all other incidental buildings, and also locomotives, passenger, baggage, and freight cars, and other requisite rolling stock, to an amount that shall not be less than $5,000 per mile. Allowing the cost of the remaining one hundred and eighty-six of the eleven hundred miles assumed to be built by the Union Pacific Company to be $90,000 per mile,

The Total Cost of Eleven Hundred Miles will be as follows:

914 miles, at $68,058	$62,205,012
186 miles, at $90,000	16,740,000
Add discounts on bonds, surveys, &c.	4,500,000
Amount	$83,445,012

As the U. S. Bonds are equal to money, and the Company's own First Mortgage Bonds have a ready market, we have as the

Available Cash Resources for Building Eleven Hundred Miles:

U. S. Bonds	$29,328,000
First Mortgage Bonds	29,328,000
Capital Stock paid in on the work done,	8,500,000
Land Grant, 14,080,000 acres, at $1 50 p. a.	21,120,000
Total	$88,276,000

The Company have ample facilities for supplying any deficiency that may arise in means for construction. This may be done wholly or in part by additional subscriptions to capital stock.

EARNINGS OF THE COMPANY.

At present, the profits of the Company are derived only from its local traffic, but this is already much more than sufficient to pay the interest on all the Bonds the Company can issue, *if not another mile were built.* It is not doubted that when the road is completed the through traffic of the only line connecting the Atlantic and Pacific States will be large beyond precedent, and, as there will be no competition, it can always be done at profitable rates.

It will be noticed that the Union Pacific Railroad is, in fact, a *Government Work*, built under the supervision of Government officers, and to a large extent with Government money, and that its bonds are issued under Government direction. It is believed that no similar security is so carefully guarded, and certainly no other is based upon a larger or more valuable property. As the Company's

FIRST MORTGAGE BONDS

are offered for the present at 95 CENTS ON THE DOLLAR, they are the cheapest security in the market, being more than 15 per cent. lower than U. S. Stocks. They pay

SIX PER CENT. IN GOLD,

or over NINE PER CENT. upon the investment, and have thirty years to run before maturity.

Subscriptions will be received in GETTYSBURG, by GETTYSBURG NATIONAL BANK and FIRST NATIONAL BANK, and in New York at the Company's Office, No. 20 Nassau street, and by

CONTINENTAL NATIONAL BANK, No. 7 Nassau street,

CLARK, DODGE & CO., Bankers, No. 51 Wall st., JOHN J. CISCO & SON, Bankers, No. 33 Wall st., and by the Company's advertised Agents throughout the United States. Remittances should be made in drafts or other funds par in New York, and the bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A NEW PAMPHLET AND MAP, showing the Progress of the Work, Resources for Construction, and Value of Bonds, may be obtained at the Company's Offices or of its advertised Agents, or will be sent free on application.

JOHN J. CISCO, Treasurer, New York.

MANAGEMENT OF THE MANURE HEAP.

The time is now approaching when the manufacture and collection of manure will be commenced in earnest by most farmers. A few hints on the management of the manure heap may not be out of place. Every manure heap consists of three portions, and these require very different means for their preservation. We have first the carbonaceous matter. This forms the chief bulk of every manure heap, and from the fact that it came originally from the atmosphere, and that it can be replaced from the same source, theorists who have not carefully watched the results attained in practice, are apt to depreciate its value. It is not as valuable as the other two constituents, but it serves to bring the land into fine, friable, mellow condition, and it is by no means certain that the carbonic acid, furnished by its decomposition, is not a source of plant food. Under any circumstances, however, it is well to be economical of it, and allow none to go to waste.

The second portion is the inorganic plant food contained in the straw and in the food of animals. It consists of phosphoric acid, lime, potash, soda, magnesia, soluble silica, &c., and the great source of loss of these constituents is from their being washed out. They cannot evaporate, but if the rain and liquid manure are allowed to fall on a manure heap, and drain *through it and out of it*, the manure pile becomes a mere *caput mortuum*—a worthless residuum of originally valuable materials. Hence every barnyard where manure is kept exposed to the weather, should be hollowed out in the centre, and well puddled, so as to prevent the soluble matters from draining or soaking away. Moreover, if the farm is located in a region where much rain falls, it is necessary to place a large portion of the barnyard under the cover of sheds, which prevent excessive wetting. *Some* moisture is absolutely necessary. Too much is decidedly injurious.

The third constituent of the manure heap is nitrogen. This is a substance of great and undoubted value, and every care should be taken to preserve and increase it. We do not propose here to enter minutely into its chemical relations, but would merely offer one or two suggestions for fixing and preserving it.

When vegetable substances containing nitrogen, undergo putrefaction, in a moist state, the nitrogen in general becomes converted into ammonia. The same process of putrefaction, however, produces carbonic acid in large quantities, and this combines with the ammonia to form carbonate of ammonia. This salt is comparatively volatile, and if the manure is allowed to dry up while exposed in thin layers, the ammonia disappears. Several agents may be set to work to fix and retain it.

Water is one of these—carbonate of ammonia dissolves very readily in water, and does not then evaporate to the same extent that it would do from a dry mass.

The great agent in the fixing of ammonia on the manure heap is the humic and similar acids produced during the decomposition of straw. These acids do it very effectually, and hence the importance of mixing animal excrement with a large proportion of moist straw.

One of the most powerful *fixers* of ammonia is plaster or sulphate of lime. When this substance meets carbonate of ammonia in solution, decomposition ensues. Carbonate of lime and sulphate of ammonia are formed, and as sulphate of ammonia is not volatile at an ordinary temperature, there is no danger of loss except by its being washed out.

Hence a few simple rules will enable us to manage a manure heap so as to avoid any very great loss.

1st. Prevent all loss by drainage and soaking.

2d. See that the animal excrements are *covered* with moist straw.

3d. See that while too much water is avoided, there is a sufficiency to keep the manure moist.

4th. Moisture and packing prevent fire fanging—that is, too rapid fermentation.

5th. If you find it convenient to use a few bushels of plaster, sprinkle them over the heap so that the plaster will be incorporated with the successive layers. It will thus prove of great service.—*Country Gentleman.*

A THRIFTY FARMER, who "believes in making old things last in these times," says: "There is one thing that nearly everybody knows and hardly anybody attends to—that is, to sprinkle slacked lime on their roofs once a year, either in fall or in spring. If the shingles are covered ever so thick with moss, the lime soon clears it off, leaving the roof clean and white, and good for a dozen years longer. It ought to be put on pretty thick, and a rainy day is the best for the work. Strong wood ashes will answer almost as well to keep roofs in repair, but they will not look as nice. To make new shingles last three or four times the usual period, they need only to be soaked a few days in a tank half full of thick lime water, which must be stirred up well before the shingles are put in."

A MONGREL sheet says "one-half the homesteads of the South are in the hands of the sheriff." Yes, driven there by "reconstruction" on a negro basis, in order that Northern Radical capitalists may make fortunes by the purchase of such homesteads. Hundreds of agents for Northern capitalists and Radical members of Congress are now in the South buying up plantations, at forced sales, for from one-fourth to one-fiftieth of their real value. It is evident that this plundering game is one of the principal objects of the Rump "policy."

IN JUNE, 1866, Mr. Woodward, his wife and sister, were murdered at Northwest, Indiana, and a man, named Sanders, was arrested for the crime, tried and discharged. A few days since William Custinger went to a magistrate in Terre Haute and confessed that he instigated and, accompanied by one McKinney, perpetrated the murder. This McKinney was the principal witness against Sanders when he was on trial for the crime.

SHARP.—The Springfield (Massachusetts) Republican sarcastically says of the proposed new bill to prevent the Supreme Court adjudicating any question under the reconstruction acts, that it is too narrow in its scope, and suggests that it be amended so as to prohibit that court from medding in any way with any act which this Congress may pass. In this way it will provide for all possible contingencies, and establish a precedent which will be of inestimable value to any party that may control Congress hereafter, and want to pass measures of unquestionable unconstitutionality.—Each Congress can thus take care of itself.

A YOUNG LADY's sentiment:—If it was not good for man to live single when there was but a woman on earth, how many extremely guilty are old bachelors, with the world full of pretty girls!

SEWING MACHINES.

The Grover & Baker.—The Best in Use.

THESE Machines have become so well known that little need be said by way of recommendation. They have taken the first premium at all the late State Fairs, and are universally acknowledged *to be the BEST in use* by all who have tried them. The "Grover & Baker Stitch" and the "Shuttle Stitch" are points that have been attained by no other Machine. They are the only machines that sew and embroider with perfection. These Machines are peculiarly adapted to Family use. They are noiseless, sew directly from the spool without rewinding, and are simple in their construction. They are easy to manage, and can be worked by almost any child. Every family should have one. *They save labor, they save time, and they save money*, and do their work better than it can be done by *hand.*

The undersigned having been appointed Agent for the above Machines, has established an Agency in Fairfield, Adams county, where he will always have on hand a supply. Persons wishing to buy will please call and examine for themselves.

☞ Needles and Thread will also be supplied.

AGENTS AND DEALERS IN

PIANOS & CABINET ORGANS, MELODEONS, AND ALL KINDS OF MUSICAL INSTRUMENTS,

Albright, Reikes & Schmidt,

ESTEY'S CELEBRATED

COTTAGE, HARMONIC AND BOUDOIR *ORGANS AND MELODEONS.*

These Instruments stand unrivalled by any thing found in this country or in Europe, as is admitted by all impartial judges. The most eminent Pipe Organ Builders and *Performers*, the last to discover excellence in reed Tone, pronounced them vastly superior to all others for exceedingly quick articulation and round Tone, the essential feature in instruments of this class. We invite the severe scrutiny and criticism of all.

PATENT VOX HUMANA TREMOLO.

This late and most wonderful invention (so acknowledged by all leading artists) will be found only in the Estey Instruments. In attempting to describe the effect of this stop, we are at loss for language. Its beauties cannot be written, but must be heard to be appreciated. By this stop an ordinary performer can produce an effect which requires a life time of practice for an artist upon a violin. It entirely changes the reed Tone, giving the sympathetic sweetness of the human voice, making it so melodious and pure that it never fails to enchant the listener.

THE HARMONIC ORGAN

for Churches, Public Halls and Parlors has a powerful sub-Bass with independent reeds, Harmonic attachment and Vox Humana Tremolo, and is believed to be the most powerful reed organ made, being nearly equal to a Pipe Organ of three times the cost.

All instruments warranted for five years.

☞ BRASS BANDS supplied with Instruments and Music at reasonable terms.

A liberal discount allowed for Churches and Sabbath Schools.

☞ Instructions given both in Vocal and Instrumental Music, at our rooms, and at pupils' homes, either to individuals or classes, on reasonable terms.

This Lecture will prove a boon to thousands and thousands.
